	Spreading rate per coat (m <sup>2</sup> /liter)	Recommended film thickness per coat (µm)
<b>Recommended:</b>	8 - 10	

#### Thinner

Use unthinned.

---

## Directions for use

Unngå direkte sollys på underlaget. Dette reduserer effekten. Wet the surface with cold water. Pour TREBITT Terrassebeisfjerner into a suitable tray and apply by roller/brush. Should be left 15-20 minutes to work. **Keep the floor wet by applying more TREBITT Terrassebeisfjerner.** Always scrub the floor with a stiff brush so that dirt, fungus etc. is completely dissolved. Rinse well with fresh water, use garden hose - not high pressure spray, as this will chip the wood.

## Finishing treatment

After drying, apply JOTUN Treolje, JOTUN Treolje V or TREBITT Terrassebeis to the decking.

## Maintenance

Please refer to the FDV datasheet for information regarding maintenance and repair of the painted surface.

## Storage

Frost free storage because the container may burst during freezing. In storage and in transport keep the container upright.

## Health and safety

Please observe the environmental and precautionary notices displayed on the container.

A Material Safety Data Sheet for the product has been issued.

Detailed information regarding health and safety risks and precautions for the use of this product is specified in the product's Safety Data Sheet.

First-aid measures, refer to section 4.

Handling and storage, refer to section 7.

Transport information, refer to section 14.

Regulatory information, refer to section 15.
