

JOTUN Spesialrens gulnet panel

Product description

Type

JOTUN Spesialrens gulnet panel is a powerful cleaning solution. To be used on new and yellowed panel prior to application of stain and other transparent products indoors. The product is a concentrate to be diluted with water (1:10).

Features and benefits

JOTUN Spesialrens gulnet panel is a powerful cleanser for yellowed panel. This removes dirt, lignin and fat from yellowed woodwork. The product improves penetration in untreated woodwork. This allows interior stains to penetrate into the woodwork which gives a homogenous, nice appearance. **JOTUN Spesialrens gulnet panel** is powerful degreasing and suitable as cleaning very contaminated areas. Wear protective gloves and eye protection.

Recommended use

The product is intended for yellowed spruce and pine panel. Can also be used for new woodwork. for best result.

Substrate

Untreated, yellowed spruce and pine. JOTUN Spesialrens gulnet panel can also be used to degrease oily woods like oak and teak. Please note that oak and other hardwoods may become discolored. Perform a test cleaning.
