

# Majestic Design Pearl (SEAP)

# **Product description**

### Туре

This product is a premium interior semi opaque emulsion design paint which is ideal to create stylish walls with a pearlescent finish that adds a lustrous and elegant touch. It embraces a 'Do It Yourself' (DIY) friendly concept so that you will be able to make your walls artistic masterpieces with beautiful colours and expressive textures with effortless application. It features Jotun's exclusive TrueColour Technology, a unique formulation of quality materials that ensure accurate, consistent and long lasting colours.

### **Features and benefits**

DIY Friendly - achieve Jotun signature designs on your walls with beautiful colours and expressive textures with effortless application.

Low Odour - Has a low odour during and after application.

Formulated Without Harmful Chemicals - tested to be free from harmful chemicals and emissions such as APEO, formaldehyde and heavy metals.

### **Recommended use**

Specially designed for creating interior decorative effects such as sponging, colour washing, stenciling and dragging.

### Substrate

On concrete, masonry, plaster, brick work and soft board surfaces.

# **Product data**

Packaging size	Packing may vary from country to country according to local requirements.
Colours	As per colour card and available in Jotun Multicolor tinting system (Majestic Design Pearl range).
Solids	27 ± 2 volume%

# **Application data**

### **Application methods**

By brush, roller and other tools may be used such as sponge, rag, special tools, 3M pad, etc.

#### **Conditions during application**

Apply at a temperature between 10°C - 35°C.

The temperature of the substrate should be minimum 10 °C and at least 3 °C above the dew point of the air, measured in the vicinity of the substrate. Good ventilation is usually required in confined areas to ensure proper drying.

Date of issue: 01.11.2016

Product code: 34562

This Technical Data Sheet supersedes those previously issued.

The Technical Data Sheet (TDS) is recommended to be read in conjunction with the Safety Data Sheet (SDS) for this product. For your nearest local Jotun office, please visit our website at www.jotun.com.

#### Spreading rate per coat

Theoretical 9,3 m<sup>2</sup>/l - 14 m<sup>2</sup>/l

Spreading rate depends on film thickness applied, type of texture, surface porosity, imperfections, temperature, wastage during painting etc.

### **Recommended film thickness per coat**

<b>Dry</b> 20 μm - 30 μm	Wet	74	µm -	111	μm
	Dry	20	µm -	30	μm

Film thickness will vary and are calculated as an average.

### Thinner

Water

#### Dilution

The paint is ready to use after proper stirring. If thinning is required, water may be added up to a maximum of 5%. Thinning will affect open time.

### **Drying times**

Drying times are generally related to air circulation, temperature, film thickness and number of coats, and will be affected correspondingly. The figures given in the table are typical with:

1. Recommended data given is, for recoating with the same generic type of paint.

2. In case of multi-coat application, drying times will be influenced by the number and sequence and by the total thickness of previous coats applied.

3. The surface should be dry and free from any contamination prior to application of the subsequent coat.

Relative Humidity (RH) 50 %			
Substrate temperature	10 °C	23 °C	40 °C
Surface (touch) dry	12 h	3 h	1 h
Hard dry	24 h	5 h	3 h
Dry to over coat, minimum	24 h	3 h	3 h

# **Directions for use**

#### Surface preparation

The substrate must be sound, clean, dry, free from dust, oil, grease and laitance etc. All traces of release agents must be removed. On chalky and dusty surfaces, all loose material must be removed by stiff bristle brushing. Any defects in the substrate like surface undulations, cracks, pin holes etc., should be rectified/filled before starting painting. Other surfaces: The coating may be used on other substrates. Please contact your local Jotun office for more information.

#### **Recommended paint system**

#### Primer

Majestic Primer : 1 Coat
