

## Jotun Thinner No. 63

### Product description

This is a paint thinner for use as an additive to a range of Jotun polyurethane products, to reduce drying time, and to improve flow properties.

### Typical use

Specially designed for speeding up curing of polyurethane products. Recommended usage is max. 5 % on mixed product.

Note that the pot life will be reduced.

Excessive addition may cause reduction of levelling, gloss and adhesion to substrate.

When thinners are used as a cleaning solvent, the use must be in accordance with prevailing local regulations.

### Colours

clear

### Product data

Property	Test/Standard	Description
Solids by volume	ISO 3233	0 %
Flash point	ISO 3679 Method 1	27 °C
Density	calculated	0.9 kg/l

Region	Regulation	Test Standard	VOC Value
US	CARB(SCM)2020 / SCAQMD rule 1113	Calculated	864 g/l
Hong Kong	Air Pollution Control (VOC) Regulation	Calculated	864 g/l
EU	European Paint Directive 2004/42/CE	Calculated	864 g/l
EU IED	Industrial Emission Directive 2010/75/EU	Calculated	864 g/l
Korea	Korea Clean Air Conservation Act	Calculated	864 g/l
China	GB 30981-2020 Limit of harmful substances of industrial protective coatings	GB/T 23985-2009 8.3	868 g/l

The provided data is typical for factory produced products, subject to slight variation depending on colour.

## Product mixing

Single pack

## Packaging (typical)

	<b>Volume (litres)</b>	<b>Size of containers (litres)</b>
Jotun Thinner No. 63	5 / 20	5 / 20

The volume stated is for factory made colours. Note that local variants in pack size and filled volumes can vary due to local regulations.

## Storage

The product must be stored in accordance with national regulations. Keep the containers in a dry, shaded, cool, well-ventilated space and away from sources of heat and ignition. Containers must be kept tightly closed. Handle with care.

## Shelf life at 23 °C

Jotun Thinner No. 63 48 month(s)

In some markets commercial shelf life can be dictated shorter by local legislation. The above is minimum shelf life, thereafter the paint quality is subject to re-inspection.

## Caution

This product is for professional use only. The applicators and operators shall be trained, experienced and have the capability and equipment to mix/stir and apply the coatings correctly and according to Jotun's technical documentation. Applicators and operators shall use appropriate personal protection equipment when using this product. This guideline is given based on the current knowledge of the product. Any suggested deviation to suit the site conditions shall be forwarded to the responsible Jotun representative for approval before commencing the work.

## Health and safety

Please observe the precautionary notices displayed on the container. Use under well ventilated conditions. Do not inhale spray mist. Avoid skin contact. Spillage on the skin should immediately be removed with suitable cleanser, soap and water. Eyes should be well flushed with water and medical attention sought immediately.

## Colour variation

---

When applicable, products primarily meant for use as primers or antifouling may have slight colour variations from batch to batch. Such products and epoxy based products used as a finish coat may chalk when exposed to sunlight and weathering.

Colour and gloss retention on topcoats/finish coats may vary depending on type of colour, exposure environment such as temperature, UV intensity etc., application quality and generic type of paint. Contact your local Jotun office for further information.
