JOTUN Sopp- og algefjerner

Product description

Type

Biocidal concentrate. Fungicidal and disinfectant properties.

Features and benefits

Combats fungi and algal growth on fouled surfaces. Does not attack plastic, steel, paint, etc. in the recommended use concentration. Avoid spraying this agent directly onto plants. Any spills may be rinsed off with clean water.

Recommended use

Used to prevent fungal and algal growth on untreated, stained or painted surfaces before painting or staining. Can also be used to remove fungi and algae on surfaces that are not to be treated, eg roof tiles, paving stones, masonry and the like. On very fouled surfaces, the product is used after **JOTUN 3-i-1 Kraftvask og Træ- og Murrens**, for best effect. Can also be used for disinfection of surfaces; indoors and outdoors.

Substrate

All sorts of surfaces.

Product data

Packaging size	Plastic bottle: 1 L
pH value	12 to 13
