

BoatWash

Product description

Type

This is an alkaline waterborne detergent.

Features and benefits

The product removes grease, salt and dirt. It is biological degradable. For normal cleaning the product can also be diluted with sea water, but it is important to rinse with fresh water afterwards.

Recommended use

To be used as a detergent for gelcoat and wooden boats both outside and inside. Painted or varnished surfaces can be cleaned, but dilute the product with water at a ratio of 1:50 - 1:100 to avoid risk of mattening. Can be used for cleaning the engine and engine rooms.

Packaging (typical)

	Volume (litres)	Size of containers (litres)
BoatWash	1	1

The volume stated is for factory made colours. Note that local variants in pack size and filled volumes can vary due to local regulations.

Product data

Colours	colourless
pH value	11
Contents	Contains: nonionic surfactants: 15-30 % amphoteric surfactants: < 5 %
VOC	0 g/l US EPA method 24

Application data

The product can be applied by

Brush: Recommended.

Cotton, Rag, Sponge, 3M pad: May be used.

Product mixing ratio (by volume)

Single pack

Water

Directions for use

Surface preparation

For contaminated surfaces dilute the product with water at a ratio of 1:50 - 1:100. For heavily contaminated surfaces dilute the product with water at a ratio of 1:20. Clean the surface using a soft brush or a sponge. Can also be applied with a low pressure washer, cleaned with a sponge. Rinse well with fresh water. Not recommended for daily maintenance cleaning.

For cleaning the engine apply the product undiluted onto the surface with a clean cloth and leave to work 10-15 minutes. Rinse well with fresh water.

Remarks

Use gloves.

Storage

The product must be stored in accordance with national regulations. Keep the containers in a dry, cool, well ventilated space and away from sources of heat and ignition. Containers must be kept tightly closed. Handle with care.

Shelf life at 23 °C

BoatWash 48 month(s)

In some markets commercial shelf life can be dictated shorter by local legislation. The above is minimum shelf life, thereafter the paint quality is subject to re-inspection.

Health and safety

Please observe the environmental and precautionary notices displayed on the container.

A Material Safety Data Sheet for the product has been issued.

Detailed information regarding health and safety risks and precautions for the use of this product is specified in the product's Safety Data Sheet.

First-aid measures, refer to section 4.

Handling and storage, refer to section 7.

Transport information, refer to section 14.

Regulatory information, refer to section 15.
