# **Technical Data Sheet**

# **Hard Wax**

# **Product description**

## Туре

This is a nano technology based wax.

## **Features and benefits**

The wax particles ensure a deep mirror shine and long lasting protection. It is easy to apply. The product tolerates degreasing. Specially designed for non weathered and thoroughly polished surfaces.

### **Recommended use**

To be used on gelcoat and two component paints.

# **Product data**

	Volume	Size of containers	
	(liters)	(liters)	
Hard Wax	0.5	0.5	
The volume stated is for factory made colors.	Note that local variants in pacl	size and filled volumes can vary	

The volume stated is for factory made colors. Note that local variants in pack size and filled volumes can vary due to local regulations.

Colors	yellowish shade	
Density	0.75 to 0.8 g/ cm <sup>3</sup>	calculated

The provided data is typical for factory produced products, subject to slight variation depending on color.

# **Application data**

## The product can be applied by

Cotton, Rag, Sponge, 3M Pad: Recommended.

## **Cleaning of painting tools**

Water

## Product mixing ratio (by volume)

Single pack

# **Directions for use**

This technical data sheet supersedes those previously issued.

The Technical Data Sheet (TDS) is recommended to be read in conjunction with the Safety Data Sheet (SDS) for this product. For your nearest local Jotun office, please visit our website at www.jotun.com.

### Surface preparation

Surfaces with grease, oil or other contamination, wash with recommended Jotun Yachting detergent.

#### Pretreatment

Treat the surface with a Jotun Yachting cleaner, rubbing or polish. Refer to TDS, direction for use for the selected Jotun Yachting product.

#### **Topcoat**

Shake the can before use. Apply a thin layer of the product with a clean and soft cloth. Allow to dry for 10-15 minutes. Complete with a clean microfibre cloth or polish paper. For machine polishing, recommended rotating speed is approximately 1000 rpm.

### **Additional information**

Do not apply the product on hot surfaces or in direct sunlight.

#### Storage

The product must be stored in accordance with national regulations. Keep the containers in a dry, cool, well ventilated space and away from sources of heat and ignition. Containers must be kept tightly closed. Handle with care.

### Shelf life at 23 °C

Hard Wax

48 month(s)

In some markets commercial shelf life can be dictated shorter by local legislation. The above is minimum shelf life, thereafter the paint quality is subject to re-inspection.

# Note

This product is for professional use only. The applicators and operators shall be trained, experienced and have the capability and equipment to mix/stir and apply the coatings correctly and according to Jotun's technical documentation. Applicators and operators shall use appropriate personal protection equipment when using this product. This guideline is given based on the current knowledge of the product. Any suggested deviation to suit the site conditions shall be forwarded to the responsible Jotun representative for approval before commencing the work.

# Health and safety

Please observe the environmental and precautionary notices displayed on the container.

Product code:

A Material Safety Data Sheet for the product has been issued.

Detailed information regarding health and safety risks and precautions for the use of this product is specified in the product's Safety Data Sheet.

First-aid measures, refer to section 4.

Handling and storage, refer to section 7.

Transport information, refer to section 14.

Regulatory information, refer to section 15.

Please observe the precautionary notices displayed on the container. Use under well ventilated conditions. Do not inhale spray mist. Avoid skin contact. Spillage on the skin should immediately be removed with suitable cleanser, soap and water. Eyes should be well flushed with water and medical attention sought immediately.

# **Technical Data Sheet**

## Hard Wax

When applicable, products primarily meant for use as primers or antifoulings may have slight color variations from batch to batch. Such products may fade and chalk when exposed to sunlight and weathering.

Color and gloss retention on topcoats/finish coats may vary depending on type of color, exposure environment such as temperature, UV intensity etc., and application quality. Contact your local Jotun office for further information.
